

Sam Bass Cameo Appearance!

Recently, Sam was invited to make a cameo appearance, along with one of his custom Les Paul guitars in a "Pick A Powder" Program video featuring NASCAR legend Richard Petty and country music superstar Trace Adkins. [Click here to see the video.](#)

Sam thought it just perfect to hand Richard Petty the custom guitar that he designed expressly for "The King". The instrument, one of only 43 made, and each is hand-signed by both Petty and Bass. Sam designed the guitar with race fans in mind, incorporating racing elements wherever possible, down to miniature Goodyear tires as tuner knobs and the strap that mimics Petty's trademark cowboy hat.
